

HEALTH-EVER CLINIC

ACUPUNCTURE, MASSAGE & HERBS

Dear Patients:

Please notice the FSN acupuncture treatment cost:

£35/session if you pay each session individually.

Or £150/course if you book in advance for 6 sessions, which works out £25/session. Or £200/course for 8 sessions etc...

The booked course treatment is valid indefinitely, which means you are eligible to come back for different health problem treatment if you have not finished 6 (or 8) sessions of treatment for any reasons (getting better earlier, going for holiday, getting married...), limited to the patient himself or herself.

Or if you are new patient and not satisfied with our treatment for any reasons, we will not charge you the 1st session of the treatment, but still welcome you in the future if you change your mind.
